-  Bamako, Mali
-  www.linkedin.com/in/abdoulaye-traoré-a96b0716a

SKILLS

- Logiciels Microsoft
- Shotplus(Drill And Blast design Software)
- Surpac
- Minesched
- Multitâche

LANGUAGES

- English Professional Proficiency
- French Native Proficiency
- Bambara Native Proficiency

ORGANIZATIONS

- 06/2017-10/2021 Association Des Etudiants Miniers Du Mali « AEM-Mali »
Founding Member

HOBBIES

- Reading
- Travel

OBJECTIVE

New challenges in mining engineering to progress building a great technical, business key knowledge through industrial fields.

EDUCATION

- 02/2016-10/2022 Mining Engineering Science/Bachelor
Grade : 1100/1100
ENETP
- 02/2019-10/2020 Mining Engineering Science/Master II
Grade : 1100/1100
ENETP

EXPERIENCE

02/2022-Actuelle
CORICA MINING
SERVICES (SYAMA &
FINKOLO sites)

Mine Engineer

Medium and short-term forecasting (monthly and half-annual) duties to achieve budgets,
Weekly drill and blast planning duties,
Collaborate and participate in the optimization of client weekly mining plans according fleet capacity,
Management and monitoring the explosive usage from contractor,
Monitoring and optimize the fleet performance for all projects,
Generate weekly and monthly production reports,
Generate the claims & projects costs killers,
Manage Data Clerck and Pit Controller

05/2021-09/2021
Barrick Gold-
SOMILO

Trainee/Mine Engineer

Assistant engineer in the technical services department: mining planning, development and production operations (underground drill and blast, load and haul), the underground ventilation/air conditioning system, the technology section.
Master II end-of-study project on "improving truck transport productivity in the Yalea underground mine"

CERTIFICATES

08/2021-08/2021
Certificate « Drill
And Blast Training »

AEM-Mali

- Drill and blast planing
- _The controllable and uncontrollable elements of a drill and blast plan
- _The firing process

06/2022-06/2022
Geovia Surpac
Basics Training

Resolve Mining Solutions

- Tasks commonly recommended of software
- Interface & Types of extension used
- Pit design basics & various slope including
- D&B blast pattern design basics & layers Maths

10/2020-09/2020
Certificate
« Environmental
Assessment Of
Development
Policies And
Projects »

IFDD

Principles and framework for the analysis and implementation of environmental assessment
Environmental and social impact assessment - administrative process
Environmental and social impact assessment - public participation
Environmental and social impact assessment - practical process

06/2020-06/2020
Certificate
« Economics And
Management Of
The Environment
And Natural
Resources »

IFDD

Foundations of environmental economics Tools and methods of environmental economics
Economics and management of natural resources
